

PhD programme

Institute of Molecular Genetics, Prague, CZ
in partnership with Charles University in Prague

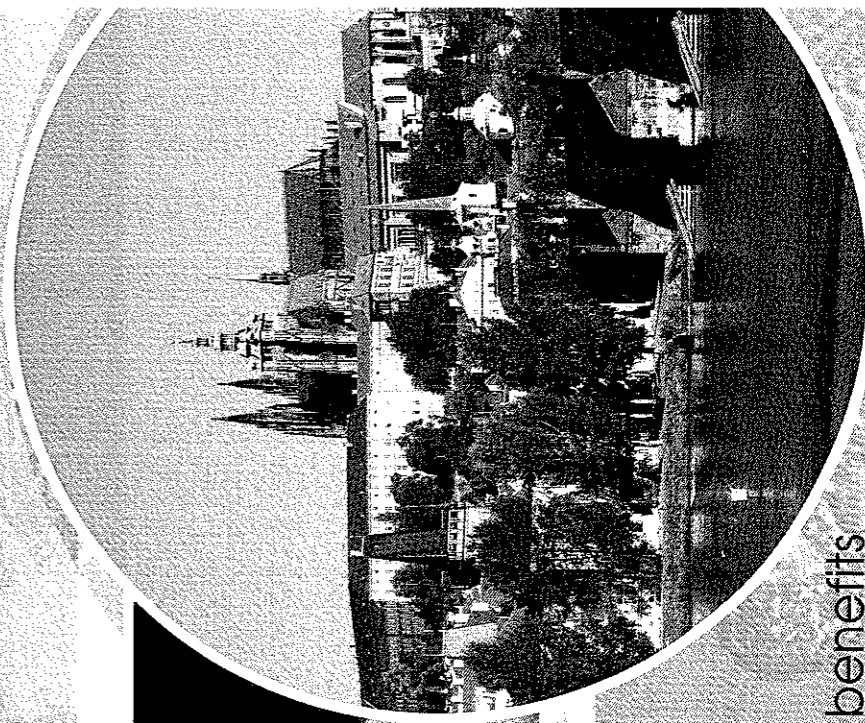

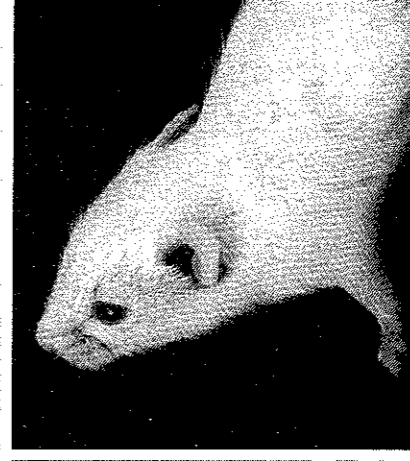

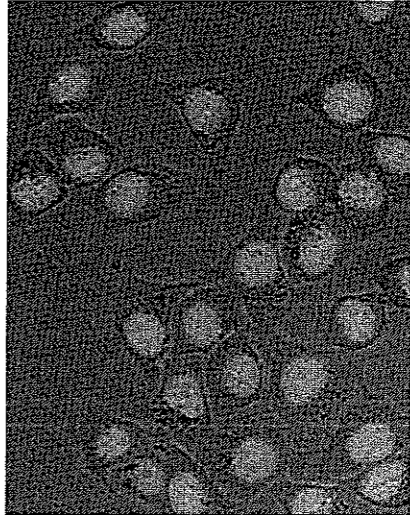

We invite you to send your application

Choose from exciting projects in:

- developmental biology
- gene expression
- epigenetics
- biology of RNA
- immunology
- tumor biology
- cell signaling
- cytoskeleton
- apoptosis
- cellular differentiation
- viral genetics
- genomics and bioinformatics
- genome integrity
- evolutionary biology
- genome stability
- chromosomal stability
- pharmacology
- mouse genetics
- transgenic disease models

Online application deadline: 28th February 2013
Interviews with selected candidates: 7th March 2013
