

IST FELLOW

IST AUSTRIA IS LOOKING FOR POSTDOCTORAL FELLOWS

IST Austria (Institute of Science and Technology Austria) invites applications for postdoctoral fellows in all fields of the natural and mathematical sciences and related disciplines.

The Institute, which is on the outskirts of Vienna, was established by the Austrian government with a focus on basic research. IST Austria has English as its working language, and its Graduate School awards PhD degrees. It has an international mix of scientists chosen solely on the basis of their individual excellence and potential contribution to research.

The Institute has set up a program for exceptional postdoctoral researchers partially funded by the European Union. Appointments will be for 2–4 years. Applications will be accepted at any time, but fellows will be selected twice a year in October and April. The deadlines for each selection are the 15th of September and March, respectively. Applicants must have the support of one or more members of the IST Austria faculty who will host them in their research group.

The Institute offers an internationally competitive salary, full social security coverage, and additional benefits.

For further information about the program and the online application process, please refer to the **ISTFELLOW** website: <http://ist.ac.at/istfellow>

IST Austria values diversity and is committed to equality. Female researchers are encouraged to apply.
